## Annual Management Report of Fund Performance

For the Year Ended March 31, 2024

This Annual Management Report of Fund Performance contains financial highlights but does not contain the complete annual financial statements of the investment fund. You may obtain a copy of the annual financial statements, at no cost, by calling 1-888-746-6344 (1-800-661-4578 if you live in Quebec) or by writing to us at 447 Portage Avenue, Winnipeg, Manitoba, R3B 3H5 (2001, boulevard Robert-Bourassa, bureau 2000, Montreal (Quebec), H3A 2A6 if you live in Quebec), or by visiting the SEDAR+ website at www.sedarplus.ca.

Securityholders may also contact us using one of these methods to request a copy of the investment fund's interim financial report, proxy voting policies and procedures, proxy voting disclosure record or quarterly portfolio disclosure. For more information, please refer to the Fund's Simplified Prospectus and Fund Facts, which may also be obtained, at no cost, using any of the methods outlined above.

For the Fund's current net asset values per security and for more recent information on general market events, please visit our website at www.ig.ca.

References to "Consultant" or "Consultants" mean "Representative" or "Representatives" in Quebec.

#### A NOTE ON FORWARD-LOOKING STATEMENTS

This report may contain forward-looking statements that reflect our current expectations or forecasts of future events. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "intends", "plans", "believes", "estimates", "preliminary", "typical" and other similar expressions. In addition, these statements may relate to future corporate actions, future financial performance of a fund or a security and their future investment strategies and prospects. Forward-looking statements are inherently subject to, among other things, risks, uncertainties and assumptions that could cause actual events, results, performance or prospects to differ materially from those expressed in, or implied by, these forward-looking statements. These risks, uncertainties and assumptions include, without limitation, general economic, political and market factors in North America and internationally, interest and foreign exchange rates, the volatility of global equity and capital markets, business competition, technological change, changes in government regulations, changes in securities laws and regulations, changes in tax laws, unexpected judicial or regulatory proceedings, catastrophic events, outbreaks of disease or pandemics (such as COVID-19), and the ability of manager to attract or retain key employees. The foregoing list of important risks, uncertainties and assumptions is not exhaustive. Please consider these and other factors carefully and do not place undue reliance on forward-looking statements.

The forward-looking information contained in this report is current only as of the date of this report. There should not be an expectation that such information will in all circumstances be updated, supplemented or revised whether as a result of new information, changing circumstances, future events or otherwise.

ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE | For the Year Ended March 31, 2024

## **Management Discussion of Fund Performance**

June 6, 2024

This Management Discussion of Fund Performance presents the portfolio management team's view on the significant factors and developments that have affected the Fund's performance and outlook in the year ended March 31, 2024 (the "period"). If the Fund was established during the period, "period" represents the period since inception.

In this report, "IGIM" and "the Manager" refer to I.G. Investment Management, Ltd., the manager of the Fund. In addition, net asset value ("NAV") refers to the value of the Fund as calculated for transaction purposes, on which the discussion of Fund performance is based.

Please read A Note on Forward-Looking Statements on the first page of this document.

## Investment Objective and Strategies

The Fund aims to provide moderate income and long-term capital growth by making socially responsible investments primarily in the Canadian equity markets. The Fund follows a sustainable investment approach, prioritizing environmental, social and governance ("ESG") factors by leveraging sustainable approaches such as excluding certain industries, best-in-class ESG and ESG stewardship. The Fund does not invest in companies whose revenues are primarily derived from alcohol, cannabis, tobacco, gambling, pornography or critical weapons systems. Generally, the Fund will not invest more than 50% of its assets in foreign securities.

#### Risk

The risks of the Fund remain as discussed in the Fund's Simplified Prospectus. The Fund is suitable for long-term investors looking for income with a growth component who have a medium tolerance for risk.

### Results of Operations

#### **Investment Performance**

The performance of all series in the current and previous periods is shown in the *Past Performance* section of the report. Performance will vary by series primarily because fees and expenses differ between series, or because securities of a series were not issued and outstanding for the entire reporting period. Please refer to the *Fund Formation and Series Information* section of this report for the varying management and administration fees payable by each series. The following comparison to market indices is intended to help investors understand the Fund's performance relative to the general performance of the markets. However, the Fund's mandate may be different from that of the indices shown.

For the year ended March 31, 2024, the Series F securities returned 12.0% (after deducting fees and expenses paid by the Fund). In comparison, the S&P/TSX Composite Index returned 14.0%.

Canadian equities demonstrated resilience and positive momentum over the period, supported by the energy sector. Although the Bank of Canada paused interest rate increases after July 2023, the effects of earlier restrictive monetary policy, particularly on consumer finances, continued to work their way through the economy. With as much as 65% of gross domestic product related to consumer spending, flat consumer activity negatively affected economic growth.

Within the S&P/TSX Composite Index, information technology, health care and energy were the strongest sectors, while communication services, utilities and materials were the weakest.

The Fund underperformed the index, with lack of exposure to the energy sector, stock selection in the utilities sector and holdings in Hong Kong detracting from performance. Overweight exposure to the information technology sector and stock

selection in the communication services sector contributed to performance, as did holdings in the United States.

Over the period, the portfolio management team increased holdings in U.S. technology companies to take advantage of opportunities arising from demand for artificial intelligence applications and growth in data centres. The Fund's exposure to the information technology sector increased as a result.

#### **Environmental, Social and Governance ("ESG") Impact**

Engagement and stewardship are a primary part of the portfolio management team's philosophy. During the period, the team engaged with 13 companies held in the Fund on the key theme of climate change and emissions. For example, the team met with the management of Sun Life Financial Inc. to discuss the sustainability initiatives the company has been integrating into its operations.

Sun Life offers a broad range of insurance protection, wealth products and services to individuals, businesses and institutions. The company's climate-related goals have been to achieve carbon neutral operations globally from 2021, a 50% absolute reduction of greenhouse gas ("GHG") emissions in operations from 2019 to 2030 and net-zero GHG emissions in operations and investments by 2050. Its activities align with United Nations Sustainable Development Goal 13, on climate action, as it has reduced absolute GHG emissions in operations by 36.9% against a 2019 baseline.

The team also met with the management of Stella-Jones Inc., which supplies pressure-treated wood products to major electrical utilities, telecommunication and railway companies. The team discussed the company's progress with respect to climate risk reporting using the Task Force on Climate-Related Financial Disclosures ("TCFD") framework. The TCFD framework helps organizations disclose climate-related risks and opportunities more effectively through their existing reporting processes. Stella-Jones has an ambitious target of reducing its scope 1 and scope 2 greenhouse gas emissions by 32% by 2030 and plans to measure its scope 3 emissions by 2025. The GHG Protocol defines scope 1 as direct emissions from fuel burned in a company's owned or controlled assets and/or chemical leaks and spills; scope 2 as indirect emissions from purchased electricity, cooling, heat and/or steam; and scope 3 as all other indirect emissions that occur within a company's value chain.

#### **Net Assets**

The Fund's net assets decreased by 1.3% during the period to \$342.8 million. This change was composed primarily of \$34.9 million in net income (including any interest and/or dividend income) from investment performance, after deducting fees and expenses, and a decrease of \$39.5 million due to net securityholder activity (including sales, redemptions and cash distributions).

#### **Fees and Expenses**

The management expense ratio ("MER") for each series during the year ended March 31, 2024, was generally similar to the MER for the year ended March 31, 2023. Total expenses paid vary from period to period mainly as a result of changes in average assets in each series. The MERs for all series are presented in the *Financial Highlights* section of this report.

## Recent Developments

In the portfolio management team's view, inflation statistics and solid macroeconomic data do not support an aggressively accommodative monetary policy in the United States. In contrast, the team expects that estimates of economic activity in Canada may be lowered despite economic expansion over the period. In the team's opinion, the Canadian economy is more sensitive to changes in interest rates, and the Bank of Canada may reduce rates sooner than the U.S. Federal Reserve. The team views this as a benefit for the financials sector, particularly within banking.

ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE | For the Year Ended March 31, 2024

Effective September 29, 2023, the investment strategy of the Fund was changed. The Fund can now invest in companies that derive over 10% of their revenue from the production, supporting products or services, or distribution of nuclear energy.

#### Other Developments

With the approval of the IG Wealth Management Funds Independent Review Committee, IG Mackenzie Betterworld SRI Class merged into the Fund on May 19, 2023. The Manager does not consider this merger to be a material change for the Fund's investors.

Effective May 3, 2024, Series A was redesignated as Series B; and effective May 10, 2024, Series J DSC was redesignated as Series J NL.

## Related Party Transactions

I.G. Investment Management, Ltd. is the Manager, Trustee and Portfolio Advisor of the Fund. The Fund is offered through the Consultants of Investors Group Financial Services Inc. and Investors Group Securities Inc., together referred to as the Distributors. The Manager, Portfolio Advisor, Distributors and Trustee are, indirectly, wholly owned subsidiaries of IGM Financial Inc.

The following sub-advisor provided investment services to the Fund:

• Mackenzie Financial Corporation

Mackenzie Financial Corporation is a wholly owned subsidiary of IGM Financial Inc.

The Fund paid a management fee to the Manager and Portfolio Advisor for management and portfolio advisory services (see *Management Fees*).

The Fund also paid the Manager an administration fee and in exchange the Manager paid the operating costs and expenses of the Fund, except for certain specified costs.

The Fund paid the Distributors a service fee as compensation for providing or arranging for the provision of services to the Fund, including the issue or allotment of securities. A portion of the service fee for Series C is rebated by the Distributors to the Fund, for distribution to Series C securityholders quarterly, as outlined in the Prospectus.

The Trustee is responsible for the overall direction of the affairs of the Fund. The Fund paid the Trustee a fee for its services.

See *Fund Formation and Series Information* for the annual rates paid by each series (as a percentage of average net assets) for these fees.

Securityholders in Series F also pay an advisory fee directly to the Distributors. This fee is not included in the Fund's expenses.

Certain other investment funds, distributed by IG Wealth Management, and other qualified investors may invest in Series S of this Fund. As at March 31, 2024, this series comprised approximately 0.4% of the Fund's net assets. The Manager relied on standing instructions approved by the IG Wealth Management Funds Independent Review Committee for the execution of all such transactions, which are based on the net asset value per security determined in accordance with the stated policies of the Fund on each transaction day. Investments by other investment funds in the Fund increase the risk of large redemption or purchase orders, which could result in larger than normal cash positions in the Fund for short periods of time. This could have an impact on the Fund's operations. However, the Manager uses various strategies to minimize the potential dilutive impact associated with large cash positions. These strategies may include transferring securities in-kind where possible, utilizing ETFs to maintain market exposure in lieu of cash and spreading transactions in smaller increments over a period of time.

The Manager relied on an approval issued by the IG Wealth Management Funds Independent Review Committee to proceed with the merger of IG Mackenzie Betterworld SRI Class into the Fund on May 19, 2023.

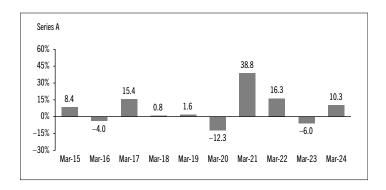

#### **Past Performance**

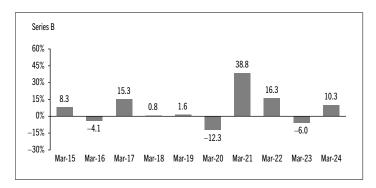

The Fund's performance information assumes all distributions made by the Fund in the periods presented are reinvested in additional securities of the relevant series of the Fund. The performance information does not take into account sales, redemption, distribution or other optional charges, or income taxes payable by any investor that would have reduced returns or performance. The past performance of the Fund is not necessarily an indication of how it will perform in the future.

If you hold this Fund outside of a registered plan, income and capital gains distributions paid to you increase your income for tax purposes whether paid to you in cash or reinvested in additional securities of the Fund. The amount of reinvested taxable distributions is added to the adjusted cost base of the securities that you own. This would decrease your capital gain or increase your capital loss when you later redeem from the Fund, thereby ensuring that you are not taxed on this amount again. Please consult your tax advisor regarding your personal tax situation.

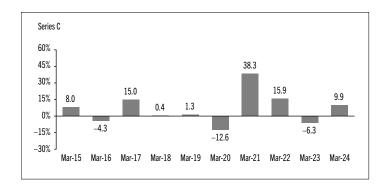

### Year-by-Year Returns

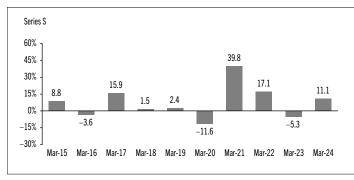

The following bar charts present the performance of each series of the Fund for each of the fiscal periods shown. The charts show, in percentage terms, how much an investment made on the first day of each fiscal period, or on the series inception or reinstatement date, as applicable, would have increased or decreased by the last day of the fiscal period presented. Series inception or reinstatement dates can be found under *Fund Formation and Series Information*.

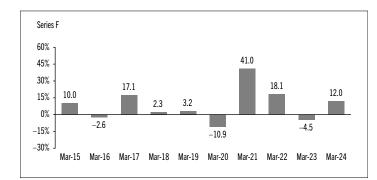

ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE | For the Year Ended March 31, 2024

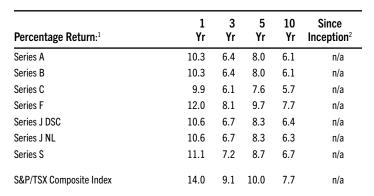

## **Annual Compound Returns**

The following table compares the historical annual compound total returns for each series of the Fund with the relevant index or indices shown below for each of the periods ended March 31, 2024. Investors cannot invest in an index without incurring fees, expenses and commissions, which are not reflected in these performance figures.

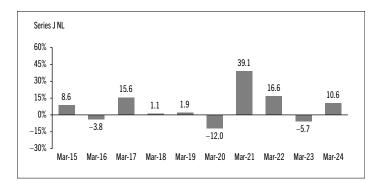

All index returns are calculated in Canadian dollars on a total return basis, meaning that all dividend payments, interest income accruals and interest payments are reinvested.

Series	J DSC									
60% -	l									
45% -							39.2			
30% -			15.7					16.6		
15% -	8.7		15.7	1.1	1.9			10.0		10.6
0% -				1.1	1.5					
-15% -		-3.7				-12.0			-5.7	
-30% -	Mar-15	Mar-16	Mar-17	Mar-18	Mar-19	Mar-20	Mar-21	Mar-22	Mar-23	Mar-24

The S&P/TSX Composite Index is a capitalization weighted index that represents some of the largest float adjusted stocks trading on the Toronto Stock Exchange.

- The percentage return differs for each series because the management fee rate and expenses differ for each series.
- (2) The return since inception for each series will differ when the inception date differs and is only provided when a series has been active for a period of less than 10 years.

- (1) These calculations are prescribed by securities regulations and are not intended to be a reconciliation between opening and closing net assets per security. This information is derived from the Fund's audited annual financial statements. The net assets per security presented in the financial statements may differ from the net asset value per security calculated for fund pricing purposes. An explanation of these differences, if any, can be found in the Notes to Financial Statements.
- (2) Net assets and distributions are based on the actual number of securities outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of securities outstanding over the fiscal period.
- (3) Distributions were paid in cash, reinvested in additional securities of the Fund, or both.

- (1) This information is provided as at the end of the fiscal period shown.
- (2) Management expense ratio ("MER") is based on total expenses, excluding commissions and other portfolio transaction costs, income taxes and withholding taxes, for the stated period and is expressed as an annualized percentage of daily average net assets during the period, except as noted. In the period a series is established, the MER is annualized from the date of inception to the end of the period. Where the Fund directly invests in securities of another fund (including exchange-traded funds or "ETFs"), the MERs presented for the Fund include the portion of MERs of the other fund(s) attributable to this investment. Any income distributions received from ETFs managed by affiliates of the Manager, with the intention of offsetting fees paid within those ETFs but which are not considered to be duplicative fees under regulatory requirements, are treated as waived expenses for MER purposes. The Manager may waive or absorb operating expenses at its discretion and stop waiving or absorbing such expenses at any time without notice.
- (3) The trading expense ratio ("TER") represents total commissions and other portfolio transaction costs incurred as an annualized percentage of daily average net assets during the period. Where the Fund invests in securities of another fund (including ETFs), the TERs presented for the Fund include the portion of TERs of the other fund(s) attributable to this investment.
- (4) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher the Fund's portfolio turnover rate in a period, the greater the trading costs payable by the Fund in the period, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund. The portfolio turnover rate is not provided when the Fund is less than one year old. The value of any trades to realign the Fund's portfolio after a fund merger, if any, is excluded from the portfolio turnover rate.

ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE | For the Year Ended March 31, 2024

## **Management Fees**

The Fund pays a management fee, and this fee, paid by each series, is calculated as a percentage of the net asset value of the series at the close of each business day (see *Fund Formation and Series Information* for rates payable by each series). Generally, management fees pay the costs incurred to provide investment advisory and management services, as well as distribution-related services provided by the Distributors.

However, in the case of Series F, securityholders pay the Distributor an advisory fee (separate from the management fee) directly. Therefore, the management fee in that series is used for investment advisory and management services only.

For all other retail series (i.e. those that exclude Series R, P and S, if issued), approximately 59% of management fees paid during the period was used for investment advisory and management services, and approximately 41% related to distribution-related services. This may vary by series.

ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE | For the Year Ended March 31, 2024

## **Fund Formation and Series Information**

Date of Formation: October 17, 1986

Series	Inception/ Reinstatement Date	Management fee (%)	Service fee (%)	Administration fee (%)	Trustee fee (%)
Series A	July 28, 2003	1.85	0.30	0.17	0.05
Series B	July 28, 2003	1.85	0.30	0.17	0.05
Series C	January 12, 1987	2.00	up to 0.50	0.17	0.05
Series F	July 12, 2013	0.75	_	0.17	0.05
Series J DSC	July 13, 2012	1.60	0.30	0.17	0.05
Series J NL	July 13, 2012	1.60	0.30	0.17	0.05
Series P	None issued	_	_	-	-
Series S	July 25, 2006	1.60	_	0.10	0.05

The fee rates in the table above are rounded to two decimals.

Clients in Series C are entitled to a full or partial rebate of the service fee based on their asset levels held in the Fund and in other IG Wealth Management Funds as outlined in the Fund's Prospectus.

The original start date for Series P was June 21, 2013. All securities in the series were redeemed on November 15, 2023.

Effective May 3, 2024, Series A was redesignated as Series B; and effective May 10, 2024, Series J DSC was redesignated as Series J NL.
